PLEASE NOTE:

The clinic is designed for adults. All clinics are first come – first seen. You will first meet with one of our clerical staff members who will go over paperwork and billing information with you. Then you will meet with a licensed clinician who will complete an assessment and together you will determine which of BHP's services will best meet your needs. While we will make every attempt to see you the day you are here, if the clinic is full you may be asked to come back another day.
